EDUCATION

JSS Academy of Technical Education

2021 - 2025

Bachelor of Engineering in Computer Science (GPA: 8.54 / 10.0)

Bengaluru, Karnataka

- Relevant Coursework: Data Structures & Algorithms (Java), DBMS (MySQL), Operating Systems, AIML.

EXPERIENCE

Delivery Head - Technology Solutions · Full-time

Aug 2026 - Present

[Infonyx Solutions](#)

Remote

- Lead technology delivery across web, software, CRM, and AI automation projects, translating business requirements into scalable solutions.
- Coordinate solution planning, development, deployment, and client communication to keep projects reliable and delivery-focused.
- Shape technical scopes and solution roadmaps for client opportunities while aligning delivery priorities with business goals.

Founding Developer · Full-time

Jan 2026 - Jul 2026

[OrcaPulse](#)

Dubai, UAE · Remote

- Architected an AI automation platform for business conversations, lead qualification, follow-ups, CRM workflows, and voice operations.
- Owned the full-stack product and infrastructure end to end, from system design and integrations to production deployment.
- Integrated Twilio, AI voice, WhatsApp, email, CRM systems, and reusable automation workflows into one scalable platform.

Project Lead Developer · Full-time

Oct 2025 - Jul 2026

[Webeye Digital Marketing](#)

Dubai, UAE · Remote

- Lead end-to-end delivery of automation solutions connecting front-end systems, back-end services, and intelligent workflows.
- Optimized scalable infrastructure and multi-system integrations to improve delivery speed and production reliability.
- Translated client requirements into practical product architecture, technical milestones, and maintainable production systems.

Software Engineer · Internship

Nov 2024 - Sep 2025

[Wellness-Wise](#)

Hybrid

- Designed and developed the Wellness Wise health app, owning UX, front-end, back-end, and production deployment.
- Made independent full-stack technical decisions to deliver a polished, production-ready user experience.

Full Stack Engineer · Internship

Sep 2024 - Jan 2025

[UnifiedMentor](#)

Online

- Built a Storybook component library covering reusable UI components, icons, colors, and typography.
- Contributed to development, debugging, and QA across multiple applications to improve stability and delivery speed.

Software Engineer · Intern

Oct 2022 - Nov 2022

[CodSoft Pvt. Ltd.](#)

Bengaluru, Karnataka

- Redesigned 25+ web pages with advanced CSS and targeted layout improvements, increasing average session duration by 25%.
- Improved visual consistency and usability across pages through responsive layouts and refined imagery.
